INTRODUCTION

This Illustrated Parts Catalog is designed to provide simple but positive identification of replacement parts for the Piper "COMANCHE" Model PA-24 Series, manufactured by the Piper Aircraft Corporation of Lock Haven, Pennsylvania.
NOTE - UNDER NO CIRCUMSTANCES SHALL THIS CATALOG BE USED FOR RIGGING AND INSTALLATION PURPOSES.

It is suggested that this catalog be thoroughly studied to determine its arrangement prior to its utilization.

1. The catalog is divided into ten (10) major sections described as follows:
   a. Section I to IX inclusive contains all replacement parts for the complete airplane. Each section is subdivided and each division includes an illustration and a parts listing.
   b. Section X is the Miscellaneous Group. This Group includes a listing of the Optional Equipment Kits, Repair Kits and Special Tools.

2. The following is a brief explanation of the columns in the parts listing:
   a. The "FIGURE AND INDEX" column indicates the illustration figure number and its part index number. Example: (2-1), the 2 is the figure number and the 1 is the index number. The figure number appears only at the top of each parts listing page or at the beginning of each new parts listing.
   b. The "PART NUMBER" column contains the identifying number of the replacement part and this number must be shown on all Parts Orders.
   c. The "CODE" column is for the purpose of indicating special uses of the part. An explanation of the letter code used is shown below each listing.
   d. The "NOMENCLATURE" column indicates the part name. This name must be shown on all Parts Orders.
   e. The "NO. REQ." (Number Required) column represents the total quantity of parts used per aircraft per figure when the part is not indented and the quantity of parts used per assembly when the part is indented. The symbol "AR" listed in this column means "As Required". Indention Example:

Indentations of listings in the "Nomenclature column" indicate "assemblies" and "components" or "parts", in order of their indentations.

EXAMPLE

Code	NOMENCLATURE	No. Req.
	DOOR ASSEMBLY - Baggage compartment	
	FRAME ASSEMBLY - Baggage compartment door	
	HINGE ASSEMBLY - Baggage door	
	CLIP - Baggage door spring	

This listing is interpreted as follows:

If the DOOR ASSEMBLY (not indented) is ordered, it will include the three items listed under that item.

If the FRAME ASSEMBLY (indented one space) is ordered, it will include the two items listed under the subassembly.

If you want only a HINGE ASSEMBLY or CLIP, you order only that item.

   f. The "SERIAL NUMBERS AFFECTED" column indicates the part application by airplane serial number.

3. The "ATTACHING PARTS" such as nuts, bolts, screws, etc., that are available as commercial hardware items, are not generally supplied by the Piper Aircraft Corporation. The catalog lists, for your convenience, those attaching parts required for main assemblies and installations. The indentifying number for these parts appears after the part name.

4. All items of Optional Equipment are contained in the parts list in their proper sequence and sections. These items were not marked optional, since they are fully identified by their descriptions.

HOW TO IDENTIFY A PART IF YOU KNOW WHAT IT LOOKS LIKE AND KNOW WHERE IT IS LOCATED

(1) Refer to Figure 1 on page xi to determine the Section number in which the part is used.

(2) Refer to the Table of Contents on page viii and locate the section. Note the figure numbers that illustrate the various subgroups of this main section.

(a) Select the Figure title you think might contain the part you wish to identify and turn to the page specified.

(3) Find the part on the illustration and note the index number.

NOTE: If you don't find the part on this illustration try another figure in this group.

(4) Refer to the "Figure and Index Number" in the Parts Listing for complete description of the part.

HOW TO ORDER PARTS

In ordering parts for your Piper Airplanes, observe the following instructions which will aid in your getting the right parts required without delay.

a. Place your order with the distributor or dealer for your territory, since parts are available only through our distributor organization.

b. Always specify the model and serial number of your airplane.

c. Always specify Part Number, Name, type and quantity required.

d. Specify the method of shipment - freight, express, parcel post, air express, air freight, or air parcel post. Where the nature of the shipment requires it or when no instructions are given, we reserve the right to ship the most suitable way.

GENERAL INFORMATION

a. Shortages

All orders are checked and rechecked before leaving our Shipping Department. A packing slip is enclosed with the shipment and claims for errors or shortages must be made within three days after receipt of orders.

b. Returned Goods

No material should be returned to us without first securing our written permission. Material sent in without notice will be held at the owner's risk for thirty (30) days and will then be disposed of as we see fit.

Transportation charges must be PREPAID on returned goods or the shipment will be refused.

c. Transportation Liabilities

The Piper Aircraft Corporation cannot be held liable for damages to parts in transit from the factory. If a shipment is received in a damaged condition, have the delivery man or Transportation Company make a notation of the damage and file your claim with the Carrier. In case of concealed damage, do not attempt to remove the part from the shipping container, or endeavor to repair the damage, but call the Carrier and have his Claim Agent inspect the damage before filing your claim with the Carrier.

REVISIONS

The information compiled in this catalog will be kept current by revisions distributed periodically through the local distributor.

It is imperative that this material be inserted in the parts catalog at the time it is received. There will be two (2) types of revisions used to keep this catalog current.

I. Temporary Revision

This type revision will be distributed at any time it is necessary to forward information to the field. Complete page replacements may be included in this type revision and shall be inserted in the parts catalog per Paragraph II. The temporary revision may be inserted in the front of the catalog. These revisions will include deletions and additions of parts pertinent to different sections of the parts catalog. Therefore, when the temporary revision is received, review the catalog and mark the affected items with the date code of the latest revision for a ready reference.

II. Permanent Revision

This type revision will be distributed periodically and will supersede all previous temporary revisions. These revisions will be complete page replacements and shall be inserted in the parts catalog as per the instructions given below:

1. Replace the obsolete pages with revised pages of the same number.
2. Insert pages with page numbers followed by a small letter in direct sequence with the same common page number.
3. Insert pages with page numbers followed by a capital letter in direct sequence with the same common page number but after any pages with the same common page number followed by a small letter.

CURRENT REVISIONS ISSUED

Current, Permanent and Temporary Revisions to this PA-24 Series Parts Catalog issued January 1973 are as follows:

PA-24 SERIES SERIAL NUMBER INFORMATION

The following information should be kept in mind when ordering from this manual.

a. The serial numbers of the aircraft covered by this Parts Catalog are as follows:

(1) Serial numbers of the 1958 PA-24-180 and PA-24-250 Models are 24-1 to 24-336 inclusive.

(2) Serial numbers of the 1959 PA-24-180 and PA-24-250 Models are 24-337 to 24-1476 inclusive.

(3) Serial numbers of the 1960 PA-24-180 and PA-24-250 Models are 24-1477 to 24-2174, 24-2176 to 24-2298 inclusive.

(4) Serial numbers of the 1961 PA-24-180 and PA-24-250 Models are 24-2175, 24-2299 to 24-2843 inclusive.

(5) Serial numbers of the 1962 PA-24-180 and PA-24-250 Models are 24-2844 to 24-3284 inclusive.

(6) Serial numbers of the 1963 PA-24-180 and PA-24-250 Models are 24-3285 to 24-3557 inclusive.

(7) Serial numbers of the 1964 PA-24-180 and PA-24-250 Models are 24-3558 to 24-3641 inclusive, 24-3643 to 24-3687 inclusive.

(8) Serial numbers of the 1964 PA-24-400 Models are 26-2 to 26-148 inclusive.

(9) Serial numbers of the PA-24-260 Models are 24-3642, 24-4000 to 24-4246 inclusive, 24-4248 to 24-4299 inclusive.

(10) Serial numbers of the PA-24-260 "B" Models are 24-4247, 24-4300 to 24-4782 inclusive, 24-4784 to 24-4803 inclusive.

(11) Serial numbers of the PA-24-260 "C" Models are 24-4783, 24-4804 and up.

	22699-31	BZ	FLAP ASSEMBLY - Right	1	

A - See Figure 2A for component parts.
B - See Figure 2B for component parts.
C - Used on PA-24-260 with serial numbers 24-3642, 24-4000 to 24-4717 and 24-4724. Also used on PA-24-180, PA-24-250 and PA-24-400.
V - Used on PA-24-260 airplanes only.
X - Used on PA-24-180 airplanes only.
Y - Used on PA-24-250 airplanes only.
Z - Used on PA-24-400 airplanes only.

Figure and Index Number	Part Number	Code	NOMENCLATURE	No. Req.	SERIAL NUMBERS AFFECTED
2-10	20277-00		BRACKET - Flap control rod	1

-21	20433-00		PLATE - Main spar lower attachment	1	

A - Used on PA-24-260 with serial numbers 24-3642, 24-4000 to 24-4246 inclusive, 24-4248 to 24-4299 inclusive.
B - See Figures 3, 3A and 4 for component parts.
C - Wing panel 22181-00 replaces wing panel 20377-00 and wing panel 22181-01 replaces 20377-01. Check part number plate, located in wheel well, before ordering component parts.
D - Used when auxiliary fuel cells are not installed.
E - Used when auxiliary fuel cells are installed.
V - Used on PA-24-260 airplanes only.
X - Used on PA-24-180 airplanes only.
Y - Used on PA-24-250 airplanes only.
Z - Used on PA-24-400 airplanes only.

A - Used when O-540-A1A engine is installed.
B - Used when O-540-AJA5 engine is installed.
C - Used on advanced panel only.
D - Secure 17419-07 if Kit 754 191 has been installed.
E - Used when engine O-540-A1D is installed.
F - Optional equipment.

A - If vacuum pump 481 692 (#200 CC) has been installed, order part for serial numbers 24-3662 and up.
B - Used on PA-24-180 and PA-24-250 with serial numbers 24-2176, 24-2177, 24-2179 to 24-2184 inclusive, 24-2186 to 24-2202 inclusive, 24-2204 to 24-2218 inclusive, 24-2222, 24-2299 to 24-3661 inclusive, and 24-3663.
C - Used when 3 inch gyros are not installed.
D - Used when 3 inch gyros are installed.
E - Used when suction gauge 450 787 is installed.
F - Used when suction gauge 550 664 is installed.
G - Used on PA-24-180 and PA-24-250 with serial numbers 24-2299 and up, PA-24-260 with serial numbers 24-3642, 24-4000 to 24-4379 inclusive, and PA-24-400 with serial numbers 26-2 and up.
H - Used on PA-24-180 and PA-24-250 with serial numbers 24-2175, 24-2299 and up, PA-24-260 with serial numbers 24-3642, 24-4000 to 24-4782 inclusive, 24-4784 to 24-4803 inclusive, and PA-24-400 with serial numbers 26-2 and up.
J - Used when AutoControl I is installed.
V - Used on PA-24-260 airplanes only.
X - Used on PA-24-180 airplanes only.
Y - Used on PA-24-250 airplanes only.
Z - Used on PA-24-400 airplanes only.

A - Used only when strut assembly serial numbers 1 to 637 is installed.
B - Used only when nose strut serial numbers 638 and up is installed.
C - When ordering replacement for strut serial numbers 1 to 637, also order Kit 754 195.
D - Used on main gear strut only.
E - Used on nose gear strut only.
F - Used if Piper Part No. 27016 (Left Strut) or 27016-1 (Right Strut) is forged on Landing Gear Strut Housing.
G - Used only when strut assembly serial numbers 1 to 637 is installed. If Kit 754 229 is installed, order Part No. 21715-00.
H - Order nose gear strut 21716-05 if shimmy dampener incorporates a self-aligning end bearing.
J - Used if Piper Part No. 20750-4 (Left Strut) or 20750-5 (Right Strut) is forged on Landing Gear Strut Housing.

When ordering, always specify Part Number, Description and Serial Number of Aircraft

A - Used on main gear strut only.
B - Used on nose gear strut only.
C - Order 20833-06 if nose gear strut with 40° turning radius is installed.
D - Used only when strut assembly serial numbers 1 to 637 is installed.
E - Used only when nose strut serial numbers 638 and up is installed.
F - Sold by the foot length.

When ordering, always specify Part Number, Description and Serial Number of Aircraft

-12	21092-09		STACK ASSEMBLY - Engine exhaust, left rear	1	
-13	25017-00		BUSHING ASSEMBLY - Muffler adapter	2	

A - Used on airplanes with serial numbers 24-103 to 24-2174, 24-2176 to 24-2298 inclusive.

B - Used on airplanes with serial numbers 24-2175, 24-2299 and up.

C - When replacing a muffler that is not reinforced per View A on illustration, it is necessary to order a new reinforced muffler shroud per serial number if present shroud is not reinforced per View B on illustration.

D - If dimension at muffler take-off, per View C on illustration, is 2 1/2" I.D., order muffler assembly 24506-00.

When ordering, always specify Part Number, Description and Serial Number of Aircraft

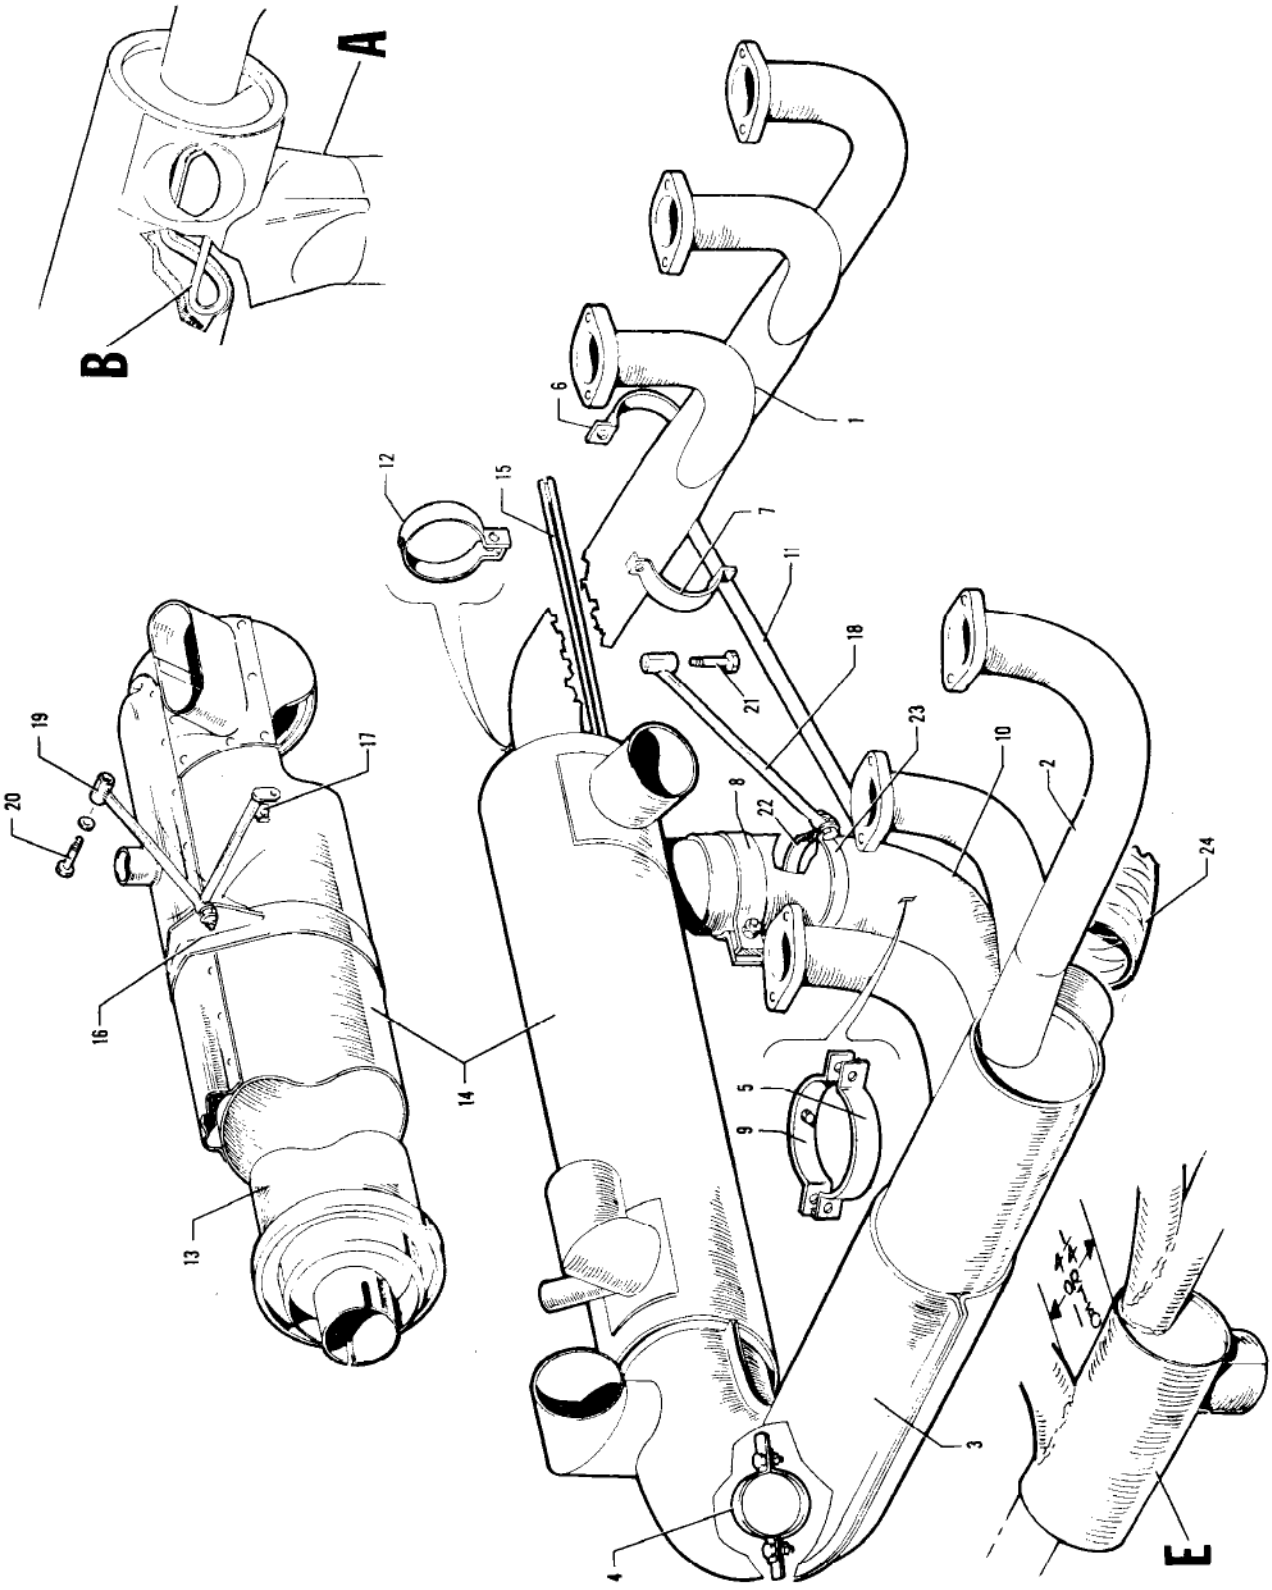

Figure 2-A. Engine Exhaust System Installation "250"

-16	24387-00	D	CLAMP ASSEMBLY - Muffler support	1	
	25013-00	G	CLAMP ASSEMBLY - Muffler support	1	

A - When replacing a muffler that is not reinforced per View "A" on illustration, it is necessary to order a new reinforced muffler shroud, per serial numbers, if present shroud is not reinforced per View "B" on illustration.

B - Existing field stocks of exhaust stacks, part numbers 21664-03 and 23537-02 used on airplanes with serial numbers 24-103 to 24-3557 should be reworked in accordance with Service Letter No. 414.

C - See illustration. Refer to View "E" and order complete upper and lower shroud assembly 756 777 if dimension is 1-7/8" or order complete upper and lower shroud assembly 756 778 if dimension is 4-1/4". Refer to Service Letter No. 414.

D - Used on airplanes with serial numbers 24-2175, 24-2299 to 24-3464, 24 3466 to 24-3549, 24-3551 to 24-3557 if Kit 756 775 has been installed.

E - See Figure 24D if fuel injection is installed.

F - Not available, 26385-00 hollow type muffler will be supplied as a replacement. When this replacement is made, it will be necessary to comply with Service Letter No. 431.

G - Used on airplanes with serial numbers 24-103 to 24-2174 inclusive if Kit 757 058 has been installed.

Figure and Index Number	Part Number	Code	NOMENCLATURE	No. Req.	SERIAL NUMBERS AFFECTED

D - Parts included in Propeller Repair Kit, Part No. 756 892.
E - Used if RaJay Turbocharger is installed.
F - Used with Hartzell Propeller Assembly HC-C2YK-1BF.
G - Used with Hartzell Propeller Assembly HC-E2YR-1BF.
H - Used on airplanes with serial numbers 24-4804, 24-4904, 24-4914 and 24-4935 to 24-5007 inclusive.

Figure and Index Number	Part Number	Code	NOMENCLATURE	No. Req.	SERIAL NUMBERS AFFECTED
29C-23	757 555	A	SPRING - (A-2213)	1

-27	20330-00	C	PLATE - Access hole reinforcement, left	1	
	26760-00	V	PLATE - Access hole reinforcement, left	1	24-4783, 24-4804 and up
	20330-02	C	PLATE - Access hole reinforcement, right	1	
	26760-01	V	PLATE - Access hole reinforcement, right	1	24-4783, 24-4804 and up

A - Used when auxiliary fuel system is not installed.
B - Used on serial numbers 24-581 to 24-3495 if Kit 756 756 has been installed.
C - Used on PA-24-180 and PA-24-250 with serial numbers 24-1 and up, and PA-24-260 with serial numbers 24-3642, 24-4000 to 24-4782, 24-4784 to 24-4803 inclusive.
V - Used on PA-24-260 airplanes only.

When ordering, always specify Part Number, Description and Serial Number of Aircraft

A - Used on PA-24-180 and PA-24-250 with serial numbers 24-2202 to 24-2843 inclusive.

B - Used on PA-24-260 with serial numbers 24-3642, 24-4000 to 24-4782, 24-4784 to 24-4803 inclusive, and PA-24-400 with serial numbers 26-2 and up.

C - Used on airplanes with serial numbers 24-2175, 24-2299 to 24-3284 inclusive.

D - Used on airplanes with serial numbers 24-2202 to 24-2843 inclusive.

E - If matching switch and locks are desired, order Kit Part No. 470 655.

F - If matching switch and locks are desired, order Kit Part No. 487 801.

G - If matching switch and locks are desired, order Kit Part No. 25163-06.

H - Used on PA-24-250 with serial numbers 24-2844 and up, PA-24-180 with serial numbers 24-3285 and up, and PA-24-400 and PA-24-260.

J - Used on airplanes with serial numbers 24-1 to 24-2174 inclusive, 24-2176 to 24-2298 inclusive.

K - Used on PA-24-180 and PA-24-250 with serial numbers 24-1 and up, PA-24-260 with serial numbers 24-3642, 24-4000 to 24-4782, 24-4784 to 24-4803 inclusive, and PA-24-400 with serial numbers 26-2 and up.

L - Used on PA-24-180 and PA-24-250 with serial numbers 24-2202 to 24-2843 inclusive, and PA-24-260 with serial numbers 24-4783, 24-4804 and up.

V - Used on PA-24-260 airplanes only.

X - Used on PA-24-180 airplanes only.

Y - Used on PA-24-250 airplanes only.

Z - Used on PA-24-400 airplanes only.

A - See Figure 45 or 46 if AltiMatic is installed.
B - Used on PA-24-260 with serial numbers 24-3642, 24-4000 to 24-4782 inclusive, 24-4784 to 24-4803 inclusive, and PA-24-400 with serial numbers 26-2 and up.
C - Ascertain existing servo manufacturer, either Piper or Mitchell, and order accordingly.
V - Used on PA-24-260 airplanes only.
Z - Used on PA-24-400 airplanes only.

A - Used on PA-24-180 and PA-24-250 with serial numbers 24-1 and up, PA-24-260 with serial numbers 24-3642, 24-4000 to 24-4782 inclusive, 24-4784 to 24-4803 inclusive, and PA-24-400 with serial numbers 26-2 and up.
B - Used on PA-24-400 if Kit 756 922 has been installed per Service Letter #451.
C - Used if Kit 756 922 has not been installed per Service Letter #451.
D - If 1" diameter knob is installed, order 23347-00.
E - Used with 1" diameter landing gear knob.
F - Used on PA-24-250 with serial numbers 24-2844 to 24-3284 if 1" knob is installed.
G - Used with 1-5/16" diameter landing gear knob.
V - Used on PA-24-260 airplanes only.
X - Used on PA-24-180 airplanes only.
Y - Used on PA-24-250 airplanes only.
Z - Used on PA-24-400 airplanes only.

	26088-13	Z	BOX ASSEMBLY - Radio junction (complete)	1	

A - Used when the following radio combinations are installed on airplanes with serial numbers 24-2844 to 24-3284 inclusive: Marker Beacon, AutoNav with Mark V or Mark 10 or Marker Beacon, ADFT-12 with Mark V or Mark 10 or DME, Marker Beacon, Mark V, Mark 10 with AutoNav or ADFT-12.

B - Used when the following radio combinations are installed on airplanes with serial numbers 24-2511 to 24-3284 inclusive: Marker Beacon, AutoNav with one (1) or two (2) Mark V, or Marker Beacon, ADFT-12 with one (1) or two (2) Mark V.

C - Used when the following radio combinations are installed on airplanes with serial numbers 24-2175, 24-2299 to 24-2510 inclusive: Marker Beacon, AutoNav with one (1) or two (2) Mark V or Marker Beacon, ADFT-12 with one (1) or two (2) Mark V.

D - Used with radio installation, ADFT-12, Mark 10, Piper AutoNav and Marker Beacon, serial numbers 24-2844 to 24-3284.

E - Used with radio installation, Narco Dual Mark 12 with Marker Beacon.

F - Used with radio installation, Narco Dual Mark 12 with DME.

G - Used with radio installation, Narco Dual Mark 12 with DME and Marker Beacon, and Dual Mark 12A with ADF and Marker Beacon.

H - Used with radio installation, Narco Dual Mark 12 and Dual Mark 12A with ADF.

I - Used with radio installation, Narco Dual Mark 12 with Glide Slope, DME and Marker Beacon.

J - Used with radio installation, Narco Dual Mark 12 with Glide Slope and Marker Beacon, and Dual Mark 12A with ADF, Glide Slope and Marker Beacon.

K - Used with radio installation, Narco Single Mark 12 with Marker Beacon and Single Mark 12A with ADF and Marker Beacon.

L - Used with radio installation, Narco Single Mark 12 and Single Mark 12A with ADF.

M - Used with radio installation, Narco Single Mark 12 with DME.

N - Used with radio installation, Narco Single Mark 12 with DME and Marker Beacon.

O - Used with radio installation, Narco Single Mark 12 with Glide Slope and Single Mark 12A with ADF and Glide Slope.

P - Used with radio installation, Narco Single Mark 12 with Glide Slope and Marker Beacon and Single Mark 12A with ADF, Glide Slope and Marker Beacon.

Q - Used with radio installation, Narco Single Mark 12 with Glide Slope and DME.

R - Used with radio installation, Narco Single Mark 12 with Glide Slope, DME and Marker Beacon.

S - Used with radio installation, Narco Dual Mark 12A (less ADF).

T - Used with radio installation, Bendix ADFT-12B and Bendix ADFT-12C.

U - Used with radio installation, Narco Dual Mark 12A (less ADF), with Marker Beacon.

V - Used with radio installation, Narco Dual Mark 12A (less ADF), with Glide Slope and Marker Beacon.

W - Used with radio installation, Narco Single Mark 12A (less ADF).

X - Used with radio installation, Narco Single Mark 12A (less ADF) with Glide Slope.

Y - Used with radio installation, Narco Single Mark 12A (less ADF) with Marker Beacon.

Z - Used with radio installation, Narco Single Mark 12A (less ADF) with Glide Slope and Marker Beacon.
